

QuantNexa CRM — Lead Management & Workflow

Clear, Step-by-Step Guide: From Marketing Enrollment to Call Recording, Document Verification, and Student Admission.

Overview: This operational guide explains the exact flow of how a prospective student enters our CRM portal, who handles their application, how call recordings work, and how document verification is completed before enrollment.

STEP 1: LEAD CAPTURE & INGESTION

ONLINE FORM

- We share our direct enrollment link (<http://localhost:5173/enroll>) across **Instagram, Facebook Ads, Google Search Ads, and our Website**.
- The student fills out basic information: **Full Name, Mobile Number, Email, Highest Qualification, Preferred Course, and Campus Center**.
- Upon submission, the lead's details **instantly land inside the CRM portal** on both the **Leads Table** and the **Pipeline View**.

STEP 2: LEAD ASSIGNMENT & NOTIFICATION

AUTO ASSIGNMENT

- As soon as a lead arrives, the portal **assigns the lead to an available Counsellor** (or Super Admin/Manager can re-assign manually).
- The assigned Counsellor receives an **instant notification alert** on their CRM top bar and dashboard.
- The Counsellor opens the Lead Profile page to review the student's program choice and contact details.

STEP 3: OUTBOUND CALL & AUTOMATIC CALL RECORDING

**TELEPHONY
RECORDING**

- Inside the Lead Profile page, the Counsellor clicks the **'Call Lead (Record)'** ■ button.
- The system connects the call to the student's mobile number and **automatically records the entire conversation in HD audio**.
- After the call ends, the audio file is stored under the lead's profile and on the central **Calls Page (/calls)**.
- **Team Benefit:** Managers, Super Admins, or other Counsellors can open the lead profile and click **'Play'** ■ to listen to the call audio anytime.

STEP 4: DOCUMENT VERIFICATION CHECKLIST

VERIFICATION CHECK

- Before admitting the student, the Counsellor checks uploaded documents in the **Documents Tab**:
 1. **10th Standard Marksheet**
 2. **12th / Diploma Marksheet**
 3. **Government ID Proof (Aadhaar Card)**
 4. **Passport Size Photograph**
- The Counsellor clicks **'Verify'** for clear documents. If any document is unclear or missing, clicking **'Request Re-upload'** sends an instant WhatsApp message to the student.

STEP 5: STUDENT ENROLLMENT & CREDENTIALS DISPATCH**ENROLLMENT
COMPLETE**

- Once documents are verified and the student is ready to enroll, the Counsellor clicks '**Convert to Student**'.
- The lead's status changes to **Enrolled**, and a unique **Student ID** (e.g. *QN-2026-8942*) is generated.
- Student login credentials for the student portal are sent automatically via **WhatsApp & Email**, and fee payments are logged under **Payments**.

End-to-End Operational Workflow Summary

Stage & Page	Action Performed	Primary Responsible	Key Outcome
1. Marketing /enroll	Student completes enrollment form on Instagram/FB/Web	Student / Marketing	Lead created in CRM
2. Allocation /leads	System assigns lead to Counsellor & sends alert	System / Team Leader	Counsellor assigned
3. Telephony /calls	Counsellor calls student; audio recorded automatically	Assigned Counsellor	Audio saved in portal
4. Docs /documents	Verify 10th, 12th, Aadhaar & Passport photo	Assigned Counsellor	Docs Verified / Re-upload
5. Admission /payments	Click 'Convert to Student' & generate Student ID	Counsellor / Admissions	Login sent to Student
